Mevian

Mevian

ABOUT US

A European nutraceutical company built around clinical gaps, not mass trends.

Who we are — — —

At Mevian, we don't follow trends – we define what's next. We are a European Nutraceutical and FSMP company committed to delivering rare, clinically significant, high-efficacy formulations that unite origin with pharmaceutical-grade quality to improve lives. Every product in our pipeline is developed with a purpose: to fill therapeutic gaps that others overlook.

Headquartered in Cyprus and supported by GMP-Certified European Manufacturing, Mevian brings together pharmaceutical standards, clinical data, and advanced nutraceutical innovation. Our portfolio spans Endocrinology, Neurology, Gynecology, Gastroenterology, and a dedicated focus on Food for Special Medical Purposes (FSMPs) addressing unmet or underserved clinical needs.

"We don't follow trends. We don't do ordinary. We deliver rare products and support them with real clinical evidence."

Company highlights — — —

- ▶ GMP-Certified Manufacturing sites across the EU.
- ▶ Clinical formulations across key therapeutic areas.
- ▶ Trusted international distribution network.
- ▶ Rare-focused FSMPs and clinically-backed nutraceuticals.

Our scientific vision — — —

Rare, not random. Every formulation begins with clinical insight and a clearly defined therapeutic goal. We translate clinical evidence into precise, purpose-driven products, using only validated ingredients with full regulatory traceability.

We believe innovation should be meaningful, not marginal. That's why we focus on rare conditions, niche therapies, and nutraceuticals designed to make a measurable clinical difference.

Our R&D isn't volume-based, it's impact-led. We're here to shape the future of FSMPs and define the role of rare, functional health. This is how we bring rare, next-generation, and high-impact formulations to life.

Nutromev | Clinical Nutrition Portfolio

Structured FSMP solutions across defined patient needs.

Nutromev is Mevian’s clinical nutrition platform, developed to support defined nutritional needs across hospital, pharmacy, outpatient, and home-care settings.

Nutromev Junior

Pediatric clinical nutrition support

Nutromev Complete

Daily clinical nutrition support

Nutromev Renal

Renal-specific controlled nutrition

Nutromev Glycemic RTD

Low glycemic ready-to-drink formula

Nutromev Glycemic Powder

Flexible low Glycemic nutrition support

Nutromev Oncology Support

High-protein nutritional support for oncology care

Nutromev Wound Care

Nutritional support for wound care and tissue repair

Specialized Clinical Nutrition

- Developed across key clinical nutrition segments, including metabolic, renal, oncology, wound care, pediatric, and recovery support.
- Combines broad-use anchor formulas with differentiated condition-specific concepts.
- Relevant across hospital, clinic, pharmacy, outpatient, and home-care channels.

FSMP positioning | Food for Special Medical Purposes | Under medical supervision.

ImmunoCell | Immunity

Food supplement | Sachets 

▶ For Comprehensive Immune, Energy, and Antioxidant Support.

Key benefits:

- ▶ Provides daily immune system support with 24 essential nutrients.
- ▶ Enhances energy metabolism and reduces fatigue.
- ▶ Supports cognitive balance and psychological resilience.
- ▶ Delivers antioxidants to protect against oxidative stress.
- ▶ Includes amino acids for cellular function and recovery.
- ▶ Developed to support adults under physical or mental stress.

Instructions for use:

Recommended intake: Mix the contents of one sachet in a glass of water, preferably with a meal. Take once daily.

Form:

Sachets 

Packaging:

10 or 30 sachets per box.

Composition:

Ingredients (in 1 sachet)	Quantity	NRVs*
L-Arginine	500 mg	-
L-Lysine	500 mg	-
Vitamin A	800 µg	100
Vitamin C	1000 mg	1250
Vitamin D3	10 µg (400 IU)	200
Vitamin E	150 mg	1250
Vitamin K1	75 µg	100
Vitamin B1	20 mg	1818
Vitamin B2	20 mg	1429
Vitamin B6	20 mg	1429
Pantothenic Acid	20 mg	333
Niacin	48 mg	300
Folic Acid	800 µg	400
Vitamin B12	100 µg	4000
Biotin	180 µg	360
Beta-Carotene	7 mg	-
Iron	20 mg	143
Zinc	10 mg	100
Manganese	2 mg	100
Copper	1 mg	100
Selenium	55 µg	100
Chromium	40 µg	100
Iodine	150 µg	100
Molybdenum	50 µg	100

ImmunoCell Kids | Immunity

Food supplement | Sachets 

▶ For Immune Modulation and Growth Support in Children.

Key benefits:

- ▶ Strengthens the immune system in children aged 4+.
- ▶ Supports prevention and faster recovery from illnesses.
- ▶ Helps reduce fatigue and support energy metabolism.
- ▶ Delivers full-spectrum vitamins and minerals for healthy development.
- ▶ Provides postbiotic and prebiotic fiber for balanced gut microbiota and immune function.
- ▶ Includes natural acerola extract for antioxidant protection.
- ▶ Formulated for school-aged children during seasonal or physical stress.

Instructions for use:

Recommended intake: Dissolve one sachet in a glass of water and take once daily, preferably with a meal. Suitable for children aged 4 and above.

Form:

Sachets 

Packaging:

10, 15, or 30 sachets per box

Composition:

Ingredients (in 1 sachet)	Quantity	NRVs*
Inulin	1000 mg	–
Acerola fruit extract	160 mg	–
Vitamin C	160 mg	250
Calcium	120 mg	15
Magnesium	100 mg	27
Beta 1,3/1,6-glucan	100 mg	–
Vitamin E	30 mg TE	250
Niacin	9.6 mg	60
Iron	8 mg	57
Zinc	4 mg	40
Pantothenic acid	4 mg	67
Vitamin B6	4 mg	286
Vitamin B2	4 mg	286
Vitamin B1	4 mg	364
Manganese	0.8 mg	40
Copper	0.4 mg	40
Vitamin A	394 µg RE	49
– of which beta-carotene	234 µg RE	–
Folic acid	160 µg	80
Iodine	60 µg	40
Biotin	36 µg	72
Selenium	22 µg	40
Vitamin B12	20 µg	800
Molybdenum	20 µg	40
Chromium	20 µg	40
Vitamin K1	15 µg	20
Vitamin D3	10 µg (400 IU)	200

Epitilia Adults | Nervous System Health

Food supplement | Sachets 

- ▶ For Cognitive and Emotional Balance in Adults and Nutritional Support During Anti-Epileptic Therapy.

Key benefits:

- ▶ Supports nervous system function and mental clarity.
- ▶ Promotes psychological balance and mood regulation.
- ▶ Enhances stress resilience and emotional adaptation.
- ▶ Contributes to memory, focus, and cognitive performance.
- ▶ Combats oxidative stress to protect neural tissues.
- ▶ Recommended for adults under mental strain or with neurological comorbidities.

Instructions for use:

Recommended intake: Dissolve one sachet in a glass of water or preferred beverage, preferably with a meal. Take once daily.

Form:

Sachets 

Packaging:

30 stick sachets of 2 g each.

Composition:

Ingredients (in 1 stick)	Quantity	NRVs*
Eleuthero D.E. tit. 0.8% in eleutherosides	250 mg	-
Bacopa D.E. tit. 50% in bacosides	160 mg	-
Griffonia D.E. tit. 25%	176 mg	-
Vitamin C	30 mg	37.5
Vitamin E	20 mg	166.7
Vitamin B6	2 mg	142.8

CLINICAL STUDY AVAILABLE

Epitilia | Nervous System Health

Food supplement | Sachets 

- ▶ For Nervous System Support in Children and Nutritional Support in Individuals Receiving Anti-Epileptic Therapy.

Key benefits:

- ▶ Developed to address the normal functioning of the nervous system.
- ▶ Enhances focus, cognitive clarity, and daily mental performance.
- ▶ Promotes emotional balance and psychological well-being.
- ▶ Protects cells from oxidative stress during growth phases.
- ▶ Improves adaptability and stress response in children.
- ▶ Designed to support neuro development during key childhood stages.

Instructions for use:

Recommended intake: Dissolve one sachet in water or a beverage of choice, preferably with a meal. Take once daily.

Form:

Sachets 

Packaging:

30 stick sachets of 2 g each.

Composition:

Ingredients (in 1 stick)	Quantity	NRVs*
Eleuthero D.E. tit. 0.4% in eleutherosides	250 mg	-
Bacopa D.E. tit. 20% in bacosides	200 mg	-
Griffonia D.E. tit. 25%	88 mg	-
Vitamin C	30 mg	50
Vitamin E	20 mg	166.7
Vitamin B6	2 mg	142.8

Hashimev | Thyroid Health

Food supplement | Capsules 

- ▶ For Normal Thyroid Function in Individuals with Thyroid Imbalance, Including Those on Hormone Replacement Therapy.

Key benefits:

- ▶ Supports thyroid hormone production and conversion (T4 to T3).
- ▶ Modulates the immune response in Hashimoto's thyroiditis.
- ▶ Enhances energy metabolism and reduces fatigue.
- ▶ Helps protect thyroid cells from oxidative stress.
- ▶ Supports normal cognitive and neurological function.
- ▶ Designed for adults with autoimmune thyroid dysfunction.

Instructions for use:

Recommended intake: Take one capsule daily, preferably with a meal.

Form:

Capsules 

Packaging:

30 capsules (in blisters).

Composition:

Ingredients (in 1 capsule)	Quantity	NRVs*
Vitamin A	800 µg	100
Vitamin B1	1.1 mg	100
Vitamin B2	1.4 mg	100
Vitamin B3	16.0 mg	100
Vitamin B5	6.0 mg	100
Vitamin B6	1.4 mg	100
Vitamin B7	50 µg	100
Vitamin B12	2.5 µg	100
Folic Acid	200 µg	100
Vitamin C	120 mg	150
Vitamin D3	50 µg (2000 IU)	1000
Selenium	100 µg	182
Zinc	10 mg	100
Iron	14 mg	100

Contramev | Women's Health

Food supplement | Capsules 

➤ For Women's Antioxidant Support and Nutritional Balance.

Key benefits:

- Supports RedOx balance and reduces oxidative stress associated with the use of oral contraceptives (OC) pills.
- Enhances tissue-specific antioxidant protection and metabolic harmony.
- Supports immune resilience and overall vitality.
- Developed to support women using hormonal contraception by combining a patented, clinically studied antioxidant blend with nutrients that help counterbalance oxidative stress and hormonal fluctuations.

Instructions for use:

Recommended intake: Take one capsule daily, preferably with a meal.

Form:

Capsules 

Packaging:

30 capsules (jar).

Composition:

Ingredients (in 1 capsule)	Quantity	NRVs*
Decaffeinated Green Tea Extract, tit. min. 60% in catechins and 40% in pigallocatechin gallate	150 mg	-
Alpha-Lipoic Acid	10 mg	-
Coenzyme Q10	10 mg	-
Vitamin B6	2 mg	142.9
Beta-Carotene	0.5 mg	-
Selenium	0.048 mg	87.3

CLINICAL STUDY AVAILABLE

Contramev-V | Women's Health

Food supplement | Vials

➤ For Women's Antioxidant Support and Nutritional Balance.

Key benefits:

- Supports RedOx balance and reduces oxidative stress associated with the use of oral contraceptives (OC) pills.
- Enhances tissue-specific antioxidant protection with synergistic compounds for metabolic harmony.
- Clinically shown to reduce oxidative stress by up to 70%.
- Developed for women seeking metabolic and antioxidant stability during hormonal therapy.

Instructions for use:

Recommended intake: Take one vial daily, preferably with a meal. Turn the cap to release the powder, shake well, and consume immediately.

Form:

Vials with a dosing cap.

Packaging:

10 × 10 ml PET vials.

Composition:

Ingredients (in 1 dosing cap)	Quantity	NRVs*
Alpha-Lipoic Acid	10 mg	-
Coenzyme Q10	10 mg	-
Vitamin B6	2 mg	142.9
Beta-Carotene	0.05 mg	-
Selenium	0.048 mg	87.3

Ingredients (in 1 vial)	Quantity	NRVs*
Decaffeinated Green Tea Extract	150 mg	-

Liferen | Renal Health

FSMP | Capsules 

➤ For Renal Nutritional Support in Individuals with Reduced Renal Function or Undergoing Dialysis

Key benefits:

- Provides micronutrient support for advanced renal impairment and dialysis.
- Designed to correct vitamin deficiencies common in chronic kidney disease.
- Supports metabolic balance, immune function, and energy production.
- Reduces oxidative stress and protects renal tissue integrity.
- Includes essential fat- and water-soluble vitamins with controlled dosing.
- Suitable for dietary management under medical supervision.

Instructions for use:

Recommended intake: Take two capsules daily, preferably with a meal. Use only under medical supervision.

Form:

Capsules 

Packaging:

60 capsules per box.

Composition:

Ingredients (in 2 capsules)	Quantity	NRVs*
Vitamin B1	1.1 mg	100
Vitamin B2	1.3 mg	100
Vitamin B3	15 mg	94
Vitamin B5	5 mg	83.33
Vitamin B6	10 mg	100
Vitamin B7	30 µg	60
Folic Acid (B9)	1000 µg	100
Vitamin B12	2.4 µg	100
Vitamin C	90 mg	112.5
Vitamin D	50 µg (2000 IU)	1000
Vitamin E	268 mg	2233

Use under medical supervision only.
Not suitable as the sole source of nutrition.

MULTIVITAMIN FOR RENAL FAILURE PATIENTS

Optimev | Ophthalmology | AREDS2 Formula

Food supplement | Capsules 

➤ For Vision Health, Ocular Antioxidant Support, and Management of Age-Related Macular Degeneration (AMD).

Key benefits:

- Supports the maintenance of normal vision and visual function.
- Slows down the age-related dry macular degeneration.
- Protects the macula and retina against oxidative stress.
- Provides antioxidant protection for ocular tissues.
- Helps counter oxidative stress from screen exposure and aging.
- Includes carotenoids (lutein, zeaxanthin) for macular and retinal health.
- Supports connective tissue function and cellular defense.
- Formulated for adults experiencing visual fatigue or eye strain.

Instructions for use:

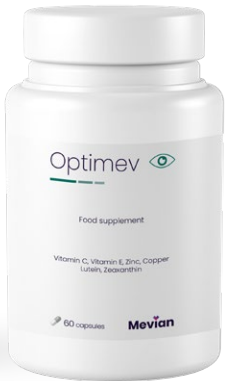

Recommended intake: Take two capsules daily, preferably with a meal.

Form:

Capsules 

Packaging:

60 capsules per box.

Composition:

Ingredients (in 2 capsules)	Quantity	NRVs*
Vitamin C	500 mg	625
Vitamin E	180 mg	1500
Zinc	25 mg	250
Copper	2 mg	200
Lutein	10 mg	-
Zeaxanthin	2 mg	-

Flexionis | Muscle, Bone, and Joint Health

Food supplement | Capsules 

➤ For Muscle, Bone, Joint, and Connective Tissue Health

Key benefits:

- Helps reduce inflammatory tone, especially in patients with knee osteoarthritis (OA).
- Supports joint structure, flexibility, and daily function.
- Promotes healthy collagen formation and cartilage integrity.
- Provides antioxidant defense to protect connective tissues.
- Reduces oxidative stress linked to joint degeneration.
- Formulated with Boswellia and Harpagophytum for anti-inflammatory support.
- Designed for adults with joint stiffness, discomfort, or active lifestyles.

Instructions for use:

Recommended intake: Take one capsule daily with water, preferably with a meal.

Form:

Capsules 

Packaging:

30 capsules per box.

Composition:

Ingredients (in 1 capsule)	Quantity	NRVs*
Boswellia serrata extract	166 mg	-
(of which Boswellic acid)	120 mg	-
Harpagophytum procumbens extract	270 mg	-
(of which Harpagoside	15 mg	-
Zinc	5 mg	50
Selenium	27.5 µg	50
Manganese	2 mg	100
Copper	1 mg	100
Vitamin C	20 mg	25
Vitamin D	50 µg (2000 IU)	1000

Cartimev | Muscle, Bone, and Joint Health

Food supplement | Sachets 

➤ For Muscle, Bone, Joint Function, and Cartilage Health

Key benefits:

- Relieves osteoarthritic symptoms (morning pain, stiffness).
- Supports joint structure, flexibility, and long-term function.
- Promotes normal collagen formation for cartilage and connective tissues.
- Provides high-purity collagen peptides for daily musculoskeletal support.
- Combines glucosamine and chondroitin for joint integrity.
- Enhances antioxidant protection for connective tissue metabolism.
- Recommended for adults with active lifestyles or age-related joint concerns.

Instructions for use:

Recommended intake: Dissolve one sachet in water and take once daily, preferably with a meal. Continuous use for at least 3 months is recommended.

Form:

Sachets 

Packaging:

20 sachets per box.

Composition:

Ingredients (in 1 sachet)	Quantity	NRVs*
Vitamin C	250 mg	312.5
Bioactive Collagen Peptides	5000 mg	-
Glucosamine Sulphate	1500 mg	-
Chondroitin Sulphate Sodium	800 mg	-

CLINICAL STUDY AVAILABLE

Osteomev | Muscle, Bone, and Joint Health

Food supplement | Sachets 

➤ For Bone Strength and Musculoskeletal Support

Key benefits:

- Supports normal bone structure and mineralization.
- Enhances musculoskeletal balance and joint flexibility.
- Promotes calcium absorption and collagen formation.
- Provides bioavailable collagen peptides for connective tissue strength.
- Combines Calcium, Vitamin D3, and K2 for skeletal health synergy.
- Formulated for aging adults or those with increased bone demands.

Instructions for use:

Recommended intake: Dissolve one sachet in water and take once daily, preferably with a meal. Monitor vitamin D levels if used longer than 1 month.

Form:

Sachets 

Packaging:

20 sachets per box.

Composition:

Ingredients (in 1 sachet)	Quantity	NRVs*
Hydrolyzed Bovine Collagen Peptides	5000 mg	-
Calcium (as calcium lactate)	500 mg	62.5
Vitamin D3 50 µg	50 µg (2000 IU)	1000
Vitamin K2 100 µg	100 µg	133

Femivia Balance | Women’s Health

FSMP | Capsules 

➤ For the Dietary Management of Symptomatic Uterine Fibroids

Key benefits:

- Provides safe, evidence-based dietary support for fibroid size and symptoms.
- Reduces the size of fibroids.
- Combats pelvic discomfort, bleeding, and hormonal imbalances.
- Complements hormone-related care through structured nutritional modulation.
- Delivers synergistic polyphenols and micronutrients with antioxidant impact.
- Contributes to the reduction of tiredness and fatigue.
- Delivers polyphenols and micronutrients for cellular function.
- Complements structured dietary care during hormone-related conditions.

Instructions for use:

Recommended intake: Take one to two capsules daily, preferably with a meal. Use under medical supervision.

Form:

Capsules 

Packaging:

30 capsules in blisters.

Composition:

Ingredients (in 1 capsule)	Quantity	NRVs*
EGCG (from dry green tea leaf extract)	180 mg	–
Black pepper extract	5 mg	–
Vitamin C	80 mg	200

Use under medical supervision.
Not suitable as the sole source of nutrition.

Pelviona | Pelvic Comfort Balance

Food supplement | Direct Form in Sticks 

➤ Pelvic Comfort Support

Key benefits:

- Multi-axis women’s health formula developed for pelvic comfort, inflammatory balance, and gynecological well-being.
- Combines micronized PEA with targeted micronutrients in a structured women’s health support system.
- Designed to address neuroinflammatory burden and pelvic discomfort associated with periods of increased gynecological stress.
- Supports pelvic balance, comfort, and quality of life in women requiring advanced gynecological support.
- Modern physicians and pharmacy-oriented positioning focus on long-term women’s health management.

Instructions for use:

Recommended intake: Take 1–2 sticks daily, preferably between meals or as otherwise advised by a healthcare professional.

Form:

Direct Form in Sticks 

Packaging:

30 sticks per box.

Composition:

Ingredients (in 1 sachet)	Quantity	NRVs*
Palmitoylethanolamide (PEA)	400 mg	–
Polydatin	40 mg	–
Magnesium	200 mg	53
Vitamin B6	1.4 mg	100
Vitamin B12	2.5 µg	100
Zinc	5 mg	50

Trazeron | Women's Health

FSMP | Sachets 

► For the Dietary Management of Urinary Tract Infections (UTIs) and Urinary Health.

Key benefits:

- Helps prevent and manage recurrent urinary tract infections (UTIs).
- Supports urinary tract cleansing and elimination.
- Standardized cranberry extract with proanthocyanidins (PACs) for bladder health.
- Contributes to digestive regularity and comfort.
- Contains Vitamin C for immune defense and antioxidant protection.
- Suitable for use during pregnancy, breastfeeding, and in diabetes under medical supervision.

Instructions for use:

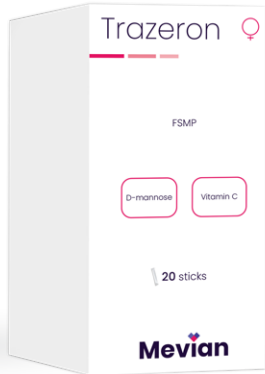

Recommended intake:
Acute phase: Take one sachet every 4 hours for 3–5 days.
Maintenance: Take one sachet twice daily.
Nighttime use is optional. Use under medical supervision.

Form:

Sachets 

Packaging:

20 sachets per box.

Composition:

Ingredients (in 1 stick)	Quantity	NRVs*
D-mannose	2000 mg	–
Vitamin C	80 mg	400

Use under medical supervision.
Not suitable as the sole source of nutrition.

Cerestor | Cognitive Health

FSMP | Stick Sachets 

➤ For the Dietary Management of Cognitive and Neurological Function and Repair

Key benefits:

- Enhances cerebral circulation and protects the brain from chemical damage.
- Supports both short-term and long-term memory, mental clarity, and daily cognitive performance.
- Supports neuroregeneration and cognitive performance in individuals recovering from neurological events, under medical supervision.
- Excellent in post-COVID conditions with memory issues.
- Suitable for individuals experiencing post-viral cognitive symptoms.
- Contributes to the normal function of the nervous system and neurotransmitter activity.
- Protects neural tissue against oxidative stress and free radical damage.
- Promotes phospholipid metabolism and energy balance in neurons.
- Delivers well-absorbed citicoline (Cognizin™) with key neuroactive vitamins.
- Designed for adults requiring structured neuro-regenerative dietary support.

Instructions for use:

Recommended intake: Take one to four sticks per day directly into the mouth. Use under medical supervision.

Form:

Stick Sachets 

Packaging:

20 stick sachets per box.

Composition:

Ingredients (in 1 stick)	Quantity	NRVs*
Citicoline (Cognizin™)	250 mg	-
Vitamin C	80 mg	400
Vitamin E	12 mg	400
Vitamin A	250 µg	125
Vitamin B6	1.4 mg	400
Vitamin B12	2.5 µg	400

Use under medical supervision.
Not suitable as the sole source of nutrition.

Memotral | Cognitive Health

Food supplement | Capsules 

➤ For Cognitive Clarity, Focus, and Mental Performance

Key benefits:

- Supports cognitive clarity and memory retention in individuals experiencing mental fatigue or age-related decline.
- Developed to address nervous system health and cognitive function.
- Reduces oxidative stress affecting neural performance.
- Combines vitamins, minerals, and advanced botanical extracts.
- Includes SAME, Ginkgo, and quercetin for brain vitality.
- Designed for adults with high cognitive demands or mental fatigue.

Instructions for use:

Recommended intake: Take two capsules daily, preferably with a meal.

Form:

Capsules 

Packaging:

60 capsules in a blister.

Composition:

Ingredients (in 2 capsules)	Quantity	NRVs*
Kaempferol	2 mg	-
Quercetin	7 mg	-
Wasabia japonica extract	22.4 mg	-
Ginkgo biloba extract	160 mg	-
SAME	100 mg	-
Zinc	5 mg	50
Selenium	27.5 µg	50
Folate	208 µg (equiv. 200 µg folic acid)	100
Vitamin B1	90 mg	8182
Vitamin B6	11 mg	786
Vitamin B12	25 µg	1000
Vitamin D3	20 µg (800 IU)	400

Nervionis | Neuropathy Health

Food supplement | Stick Sachets 

➤ For Nerve Health, Neuromuscular Balance, and Natural Pain Support

Key benefits:

- Provides neuroprotective and anti-inflammatory, and analgesic properties.
- Developed to support chronic diseases and for chronic pain management.
- Supports the normal function of the nervous system.
- Promotes neuromuscular transmission and cellular energy.
- Reduces fatigue and aids psychological function.
- Protects myelin sheath integrity and red blood cell formation.
- Combines PEA with neuroactive micronutrients.
- Formulated for adults needing advanced support for nerve signaling and balance.

Instructions for use:

Recommended intake: Take one sachet daily. Not suitable for children, pregnant or breastfeeding women. Use under medical supervision.

Form:

Stick Sachets 

Packaging:

30 stick sachets per box.

Composition:

Ingredients (in 1 stick)	Quantity	NRVs*
Palmitoylethanolamide (PEA)	600 mg	–
Magnesium	200 mg	53
Vitamin B6	10 mg	714
Vitamin B12	500 µg	20,000

Nurovia Forte | Nerve Recovery Balance

Food supplement | Stick Sachets 

➤ For Neuropathic Discomfort, Nerve Recovery Support, and Neuromuscular Balance

Key benefits:

- Multi-axis formula combining micronized PEA with neuro-supportive nucleotides.
- Designed for neuropathic discomfort, peripheral nerve stress, and neurological fatigue.
- Helps address neuroinflammatory burden while promoting functional nerve recovery.
- Includes magnesium and B vitamins for nervous system function, energy metabolism, and neuromuscular balance.
- Convenient direct-stick format for improved compliance and daily use.

Instructions for use:

Dissolve the contents of 1 stick sachet directly in the mouth or in water. Take once daily, preferably with or after a meal, unless otherwise advised by a healthcare professional.

Form:

Stick Sachets 

Packaging:

30 stick sachets per box.

Composition:

Ingredients (in 1 stick sachet)	Quantity	NRVs*
PEA (Palmitoylethanolamide), micronized	600 mg	–
RiboCARE NEURO nucleotides (UMP, CMP, AMP, GMP)	150 mg	–
Magnesium	200 mg	53
Vitamin B6	5 mg	357
Vitamin B12	5 µg	200
Vitamin B9 (Folic Acid)	400 µg	200

Food supplement. Use under healthcare professional supervision where appropriate

Hypnanorm Ultra | Sleep

Food supplement | Bi-layer Tablets 

- For Sleep Induction, Relaxation, and Night-Time Balance

Why Partner with Mevian

A European Clinical Nutrition Partner – Not Just a Supplier

Differentiation • Credibility • Long-Term Value

Clinically Gap-Driven Portfolio
Focused on unmet medical needs

FSMP Expertise
Specialized in medical nutrition

European GMP Manufacturing
Produced in EU GMP facilities

Focused High-Value SKUs
Selective, premium products

Ideal for:

- ▷ Doctors
- ▷ Clinics
- ▷ Hospitals
- ▷ Pharmacies

**Let's build a differentiated
clinical nutrition portfolio
together.**

Available for **exclusive** distribution partnerships.
